**INFICON to publish Second Quarter 2015 Results  
on Thursday, August 6, 2015**

- **Publication of media release, half-year report and presentation slides at 07:00 a.m. CEST**
- **Conference Call at 09:30 a.m. CEST**

*Bad Ragaz/Switzerland, July 17, 2015.* INFICON Holding AG (SIX Swiss Exchange: IFCN), a worldwide leading provider of instrumentation and process control software for advanced industrial vacuum processes, will issue a press release on second quarter 2015 results at approximately 7:00 a.m. CEST (Central European Summer Time) **on Thursday, August 6, 2015**. At the same time, the half-year report 2015 and the presentation slides on the second quarter results will also be available for download in the Investors section of the INFICON website [www.inficon.com](http://www.inficon.com) at <http://phx.corporate-ir.net/phoenix.zhtml?c=124424&p=iroI-IRHome>.

A conference call has been scheduled for 09:30 a.m. CEST that same day. The local dial-in numbers are as follows:

Europa:	+41 (0)58 310 5000
UK:	+44 (0)203 059 5862
USA (Toll free):	+1 (1)866 291 4166
USA (local):	+1 (1)631 570 5613

All participants should dial in at least 10 minutes prior to the call. There is no PIN required to access the call. A live webcast of the conference call, including a visual presentation in addition to the audio, will also be available in the Investors section of the INFICON website [www.inficon.com](http://www.inficon.com).

### **ABOUT INFICON**

INFICON is a leading provider of innovative instrumentation, critical sensor technologies, and advanced process control software that enhance productivity and quality in sophisticated industrial vacuum processes. These analysis, measurement and control products are essential for gas leak detection in air conditioning/refrigeration, and automotive manufacturing. They are vital to equipment manufacturers and end-users in the complex fabrication of semiconductors and thin film coatings for optics, flat panel displays, solar cells and industrial vacuum coating applications. Other users of vacuum based processes include the life sciences, research, aerospace, packaging, heat treatment, laser cutting and many other industrial processes. We also leverage our expertise in vacuum technology to provide unique, toxic chemical analysis products for emergency response, security, and environmental monitoring. INFICON is headquartered in Switzerland and has world-class manufacturing facilities in Europe, the United States and China, as well as subsidiaries in China, Finland, France, Germany, India, Italy, Japan, Korea, Liechtenstein, Singapore, Sweden, Switzerland, Taiwan, the United Kingdom and the United States. INFICON registered shares (IFCN) are listed on SIX Swiss Exchange. For more information about INFICON and its products, please visit [www.inficon.com](http://www.inficon.com).
