**INFICON to publish its Q1 2013 results on
Friday, April 19, 2013**

- **Publication of media release and presentation slides at
07:00 a.m. CEST**
- **Conference Call at 09:30 a.m. CEST**

Bad Ragaz/Switzerland, April 4, 2013. INFICON Holding AG (SIX Swiss Exchange: IFCN), a worldwide leading provider of instrumentation and process control software for advanced industrial vacuum processes, will issue a press release announcing its first quarter 2013 results at approximately 7:00 a.m. CEST (Central European Summer Time) on Friday, April 19, 2013. At the same time, presentation slides discussing the Q1 results in more detail will also be available for download in the Investors section of the INFICON website www.inficon.com.

A conference call has been scheduled for 09:30 a.m. CEST that same day. The local dial-in numbers are as follows:

Europe: +41 (0)58 310 50 00

UK: +44 (0)203 059 58 62

USA (Toll free): +1 (1)866 291 41 66

All participants should dial in at least 10 minutes prior to the call. There is no pin required to access the call. A live webcast of the conference call, including a visual presentation in addition to the audio, will also be available in the Investors section of the INFICON website www.inficon.com.

ABOUT INFICON

INFICON is a leading provider of innovative instrumentation, critical sensor technologies, and advanced process control software that enhance productivity and quality in sophisticated industrial vacuum processes. These analysis, measurement and control products are essential for gas leak detection in air conditioning/refrigeration, and automotive manufacturing. They are vital to equipment manufacturers and end-users in the complex fabrication of semiconductors and thin film coatings for optics, flat panel displays, solar cells and industrial vacuum coating applications. Other users of vacuum based processes include the life sciences, research, aerospace, packaging, heat treatment, laser cutting and many other industrial processes. We also leverage our expertise in vacuum technology to provide unique, toxic chemical analysis products for emergency response, security, and environmental monitoring. INFICON is headquartered in Switzerland and has world-class manufacturing facilities in Europe, the United States and China, as well as subsidiaries in China, Finland, France, Germany, India, Italy, Japan, Korea, Liechtenstein, Singapore, Sweden, Switzerland, Taiwan, the United Kingdom and the United States. INFICON registered shares (IFCN) are listed on SIX Swiss Exchange. For more information about INFICON and its products, please visit www.inficon.com.
