INFICON with strong first half-year 2017

Bad Ragaz/Switzerland, July 10, 2017

INFICON Holding AG (SIX Swiss Exchange: IFCN) expects based on preliminary figures for the first half year 2017 sales of around USD 182 million. This is an increase versus the same period of last year of around 25%. The operating income will also clearly exceed the prior-year figure due to this increase in sales.

Publication of second quarter and half-year results 2017 on July 26, 2017

INFICON will issue a press release on the second quarter and half-year 2017 results on July 26, 2017 at 07:00 a.m. CEST. At the same time, the Half-Year Report 2017 and the accompanying presentation on the second quarter and half-year results will be available on the company's website in the Investors' section or at http://bit.ly/IFCN_IR_home. At 09:30 a.m. CEST, INFICON will host an English-speaking conference call. The local dial-in numbers are as follows:

Europe:	+41 (0)58 310 5000
UK:	+44 (0)203 059 5862
USA (local):	+1 (1)631 570 5613

All participants should dial in at least 10 minutes prior to the call. There is no PIN required to access the call. A live webcast of the conference call, including a visual presentation in addition to the audio, will also be available in the Investors section of the INFICON website www.inficon.com. You can access the webcast directly at http://bit.ly/IFCN_IR_home.

About INFICON

INFICON is a leading provider of innovative instrumentation, critical sensor technologies, and advanced process control software that enhance productivity and quality in sophisticated industrial vacuum processes. These analysis, measurement and control products are essential for gas leak detection in air conditioning/refrigeration, and automotive manufacturing. They are vital to equipment manufacturers and end-users in the complex fabrication of semiconductors and thin film coatings for optics, flat panel displays, solar cells and industrial vacuum coating applications. Other users of vacuum based processes include the life sciences, research, aerospace, packaging, heat treatment, laser cutting and many other industrial processes. We also leverage our expertise in vacuum technology to provide unique, toxic chemical analysis products for emergency response, security, and environmental monitoring. INFICON is headquartered in Switzerland and has world-class manufacturing facilities in Europe, the United States and China, as well as subsidiaries in China, Finland, France, Germany, India, Italy, Japan, Korea, Liechtenstein, Singapore, Sweden, Switzerland, Taiwan, the United Kingdom and the United States. INFICON registered shares (IFCN) are listed on SIX Swiss Exchange. For more information about INFICON and its products, please visit www.inficon.com.
